Dear Sir,

The greatest testimony of our appreciation of your work is the fact that you have furnished 8 houses and 2 office space for us. And have more or less become a part of our family. Any furniture work to be done we can think only about you.

We also appreciate the fact that if even after two years you still send your people for any damage repair that needs to be done. This is really appreciated.

Our association inshallah will continue for many years to come

Sincerely,

Mrs. Jasohinda. K.
